

# Amazing Archery!

On Tuesday, six children went to Corby Lodge Sports Centre. The car journey was 30 minutes long and the mini bus was skilfully driven by the caretaker! In our team there were three boys and three girls. The three boys were Ethan H, Joe R, and William P; the three girls were Sophie F, Evie S and Martha P (A mix of Year 4s and 5s).

When we got there we played Tin can- alley, Target shoot, Clout, Jigsaw and the last one isn't really a game but we did the safe zone. The safe zone was coned off to keep us safe from any firing arrows and we sat there because there wasn't enough games for everyone at once.

Tin-can alley involved hitting different sized balls off of cones. Target shoot included a target circle and each colour hit was a different amount of points. One rule was that the arrow had to stay on the board for 5 seconds. Clout involved firing arrows into hoops of varying distances. Jigsaw was similar to Target shoot but instead of circles, they were jigsaw pieces to hit.

There were twelve teams and some schools had more than one team. When we got back to the games, we put something special on our arm to protect it from getting pinged at with the string of the bow.

Mrs Sanigar was cheering along to help us. Mrs Sanigar was the teacher that took us there and made sure we were safe.

It started at 4.00pm -6.00pm. All the teams were schools from around Northamptonshire.

At the end, all the scores got added up and our team got 105 points! We are not sure who the winners are yet but it will be announced soon.

On the way back, every one was tired and proud of what we achieved. When we got back to school we all met our parents and then we went home to a well-deserved rest.
