

Homework page

Welcome to Year One's homework page. Here you will find links to the year groups homework for the term.

Reading

We will send home a reading book that is matched to your child's reading level every Friday. They will have read this book at least three times to an adult that week, so should be reading at around 95% fluency. Please do your best to read with your child every day at home – reading opens so many doors!

We will collect this book in the following Friday. Please make sure you bring it in as another pupil will be needing it the following week.

Other Homework

We currently do not have any other homework, but more may be introduced throughout the year. We will let you know when this happens.
