## Counties and Cities of the UK

Yr 3

Main Foci: Locational Knowledge / Human and Physical Geography

### What should I already know?

The **Town** I live in is called Oundle, Northamptonshire.

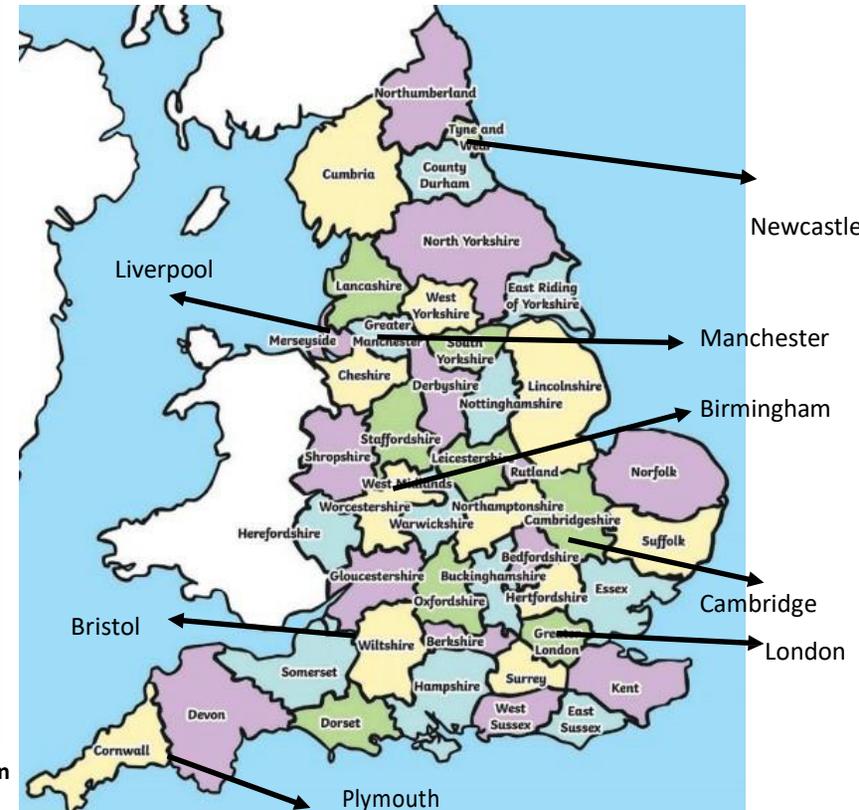

- Northamptonshire is in England, which is a **country**. England, which is in the United Kingdom, is in the **continent** of Europe.
- The capital **cities** of the four **countries** that make up the United Kingdom and their characteristics.
- The surrounding seas of the United Kingdom.
- Land-use patterns in the local area and how they have changed over time.
- The terms **urban** and **rural** and use them to describe areas of the UK.
- How to locate places using four figure grid references.
- How to identify features such as hills, mountains, coasts and rivers on a map.

### Geographical Skills and Fieldwork

- Use aerial photographs to compare land use in Suffolk and land use in London or another major **city**. Create a key using symbols to show what different features are.
- Study Ordnance Survey **topographical** maps to plot land use patterns and features of **counties** of the UK.
- Research how the **population** of Suffolk has changed over time. Present this in a graph. Compare this to a similar graph showing the **population** of London.
- Compare **urban** and **rural** areas using six-figure grid references.
- Compare different sources for **population** numbers. Which is the most reliable? Why is it hard to measure **population**?
- Use the National Grid to identify where different **counties** are using six-figure grid references.
