Top Tips for Teachers

- Repetition helps to reinforce learning. Repeat poses to allow the children to build on their yoga practise.
- Children will find it hard to concentrate for long periods of time. Mix up your teaching and know that children will be able to remain focused for different lengths of time and that that is ok.
- Keep safety in mind and ensure children work at a level they feel comfortable with.
- Use the word "try" so that the children learn to appreciate the process rather than the result.

Key Vocabulary:
